

## REGISTRATION INSTRUCTIONS

1. Identify which blocks contain the Nursing courses you need to register for.
2. Select **one block** as your first preference.
3. Select **one section** of each course listed in your block.  
\*Be sure to select one section of lecture, one section of lab, and one section of clinical for your Nursing clinical courses.
4. Locate the CRNs for your chosen sections in **Classfinder** ([classfinder.belmont.edu](http://classfinder.belmont.edu)).
5. Enter the CRNs on the registration page of your **My Belmont account** ([my.belmont.edu](http://my.belmont.edu)).

## REGISTRATION TIPS

1. Write down the CRNs of your preferred sections ahead of time, before registration opens.
2. Select back-up sections to register for in the event your first preference is full.
3. When registering, please add your clinical section(s) first.  
*Your clinical section will determine which block you are eligible to register in.*
4. Double check your registration to ensure all sections are in the same block.  
*Students who register outside of their block will be asked to adjust their schedule accordingly.*
5. **REMINDER: There may be additional Nursing courses or general education courses you need to register for depending on where you are in your program of study. Please be sure to review this prior to your advising appointment.**
