

Best Majors for GRE Scores: Still Physics and Philosophy

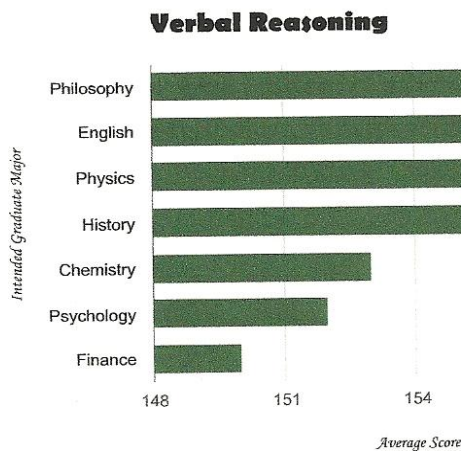

August 20, 2012

The quantitative reasoning section measures mathematical ability and data interpretation skills. The score scale ranges from 130-170. Data from ETS (PDF) for August 2011-April 2012.

The analytical writing section requires two essays: an analysis of a flawed argument and a more general position paper on an issue. Scores range from 0-6 in half-point increments. Data from ETS (PDF) for August 2011-April 2012.

The verbal section requires students to fill in the blank for sentences and answer comprehension questions about short passages, among other problems. The score scale ranges from 130-170. Data from ETS (PDF) for August 2011-April 2012.
