ACADEMICALLY CHALLENGING

Belmont University offers programs emphasizing knowledge, fundamental intellectual skills, cultural

perspectives, conceptual frameworks and habits of ethical reflection and action in an interdependent world. All learning contexts stress the skills necessary for lifelong learning that sustains the value of higher education in each person's professional and personal life.

- ▲ Belmont launched a Montessori Teacher Education Program that is unique in Tennessee.
- The Jack C. Massey Financial Information Center is the first electronic financial trading room on a Tennessee college campus.
- Belmont's School of Religion launched seven new majors, replacing the single Bachelor of Arts in religion, offering students more choices and degree plans.

- Belmont adopted the Engaged Scholars program university wide. Engaged Scholars is designed to promote and recognize active learning that extends beyond the classroom.
- *Rolling Stone* and *Time* magazines both hailed Belmont's Mike Curb College of Entertainment & Music Business as one of the best music business programs in the country.

- *Entrepreneur* magazine ranked Belmont's entrepreneurship program a top-10 Entrepreneurship Emphasis Program for the second year in a row. *Forbes* magazine named entrepreneurship chair Dr. Jeff Cornwall's weblog, The Entrepreneurial Mind, one of the "best of the Web."
