

# Welcome to Belmont University

The day you've been waiting for is finally here – You've arrived at Belmont! The next several weeks (and most likely years) will hold some interesting challenges for you. Please read our advice over the next several pages; it may save you some time and trouble. This may be your first time away from home, and you may miss the comforts of home very much. These pointers might be helpful:

1. Recognize that the transition from living at home to living on campus takes time.
2. Recognize that homesickness is a normal response to change.
3. Talking to others about feelings of homesickness is important and helpful.
4. Maintain a regular routine as much as possible. Take care of yourself in small ways (i.e. favorite foods, TV shows, practice, etc.).
5. Use this time of transition to try something new (join a club, make new friends, etc.).
6. It's okay to be uncomfortable with change, but attempt to adjust to your surroundings.
7. Remember that you will get over feeling this way – don't give up!

Don't forget about your parents; they can sometimes feel frustrated if they're left out of your new life. Do keep in touch with them and let them know how you are doing – it'll make asking favors (i.e. money!) easier in the long run.

There is something for almost everyone at Belmont, which means you'll have opportunities that you've never had before, and you'll need to make choices. You'll also be faced with a lot of tough decisions that you may or may not have faced before. There will be decisions about majors, careers, relationships, time management, physical fitness, spirituality, academics, etc. Remember that these are not necessarily issues that you must face alone.

There are several people and offices at Belmont that can help you through these decisions. Don't hesitate to talk with your roommate, friends, your RA, your RD, parents, etc. All of these people are interested in helping you as best they can. Many of them are specifically trained to deal with the issues you'll be facing, and you'll be amazed at how helpful they can be if you seek their assistance.

One of the best things you can do for yourself is to take advantage of the many opportunities that are offered to help you get acclimated to Belmont. Go to the orientation sessions and events. Attend complex meetings and programs. Get to know those students who live around you. Get to know your community staff; they will become an invaluable resource and support mechanism.

## Arrival Checklist

- ✓ Be sure to completely fill out your RCR.
- ✓ Get your keys for your room and mailbox.
- ✓ Meet your RA. RAs should help you find anything and answer your questions.
- ✓ Check out your room. Report any maintenance issues to your RA that you do not see on your RCR, just to ensure that you will not be charged for anything you didn't do.
- ✓ Get your Parking Pass. You must have this to park on campus. Also, if you didn't do it during Orientation or do not have one from last year, get your ID made at Campus Security. You will need this for eating and getting into your community.
- ✓ Meet your roommate, if you haven't already. If your roommate is not here yet, be sure that you leave space for his/her belongings. Don't worry about decorating and hanging pictures yet...wait and figure that out with your roommate.
- ✓ Look over the information in this packet. It has LOTS of great stuff in it and will probably answer many of your questions (i.e., directions, voicemail, etc.)
- ✓ Make sure you have eaten and are drinking lots of water...moving in can take a lot out of you!
- ✓ Explore the campus. Find the "Caf," Campus Security and where most of your classes will be.
- ✓ Review the TT schedule and plan to attend the events.
- ✓ Meet other residents and students. Everyone is (or at least has been at one point) in the same boat as you...don't be afraid to ask where buildings and Nashville sites are.
- ✓ If you have any questions at all, be sure to ask a member of the TT or Residence Life staff. They are there to help you as much as possible.
- ✓ Say goodbye to friends and/or relatives that helped you move into your new home.
- ✓ Everything doesn't have to be done on the first day.

## Belmont-ese

*Here's a key to some common lingo at Belmont. This is by no means an exhaustive list, but it should get you started.*

- RA** Resident Assistant. This person lives on your floor or in your building and will be a BIG resource.
- RD** Residence Director. This person oversees your community and can also be a resource.
- AD** Assistant Director. This person oversees either the apartment complexes or the Residence Halls. They too, are an excellent resource.
- TT** Towering Traditions. This is our orientation program. You won't want to miss events sponsored by TT in the next couple of weeks!
- RCR** Room Condition Report. You must sign this form when you check in. This form shows what was damaged in the room before you got there. Be sure to look over the RCR thoroughly and mark any damage not listed to insure that you will not be charged for at the end of the year or when you move. Any damage that was not marked on the form will be charged to you.

**SGA** Student Government Association. Find out how you can get involved!

**North Lawn** Hail, Pembroke, Heron and New Halls

**South Village** Wright/Maddox and Kennedy.

**Hillview** Belmont Commons, the Compton Avenue Houses, Bruin Hills, Hillside and Thrailkill make up this community.

**The Caf** The cafeteria.

**MPAC** Massey Performing Arts Center. This is where many events are held. Some practice rooms are located in the basement.

**WMB** Wilson Music Building. Practice rooms may also be found here.

**The MOB** Motivational Organization of Belmont. This group faithfully cheers on our athletic teams. They are always looking for members! Anyone can join.

**The Vision** News central for Belmont. Look for copies of The Vision all around campus.

**Res Life** Residence Life Office. Located on the ground floor of Wright Hall. This is where you can go for any questions on campus living.

## Getting Settled

**Fall** The process for moving in for the fall semester simply requires that you read all the material sent to you in July and follow the instructions pertaining to checking into your building. Generally, checking in includes meeting your Resident Assistant, obtaining your keys and the necessary paperwork, and moving your personal belongings into your room. We ask that you please pay close attention to the items listed in our Web site that you are not allowed to bring.

**Room Condition Report** When you move into your residence hall room, apartment, or house, a statement of the "condition at occupancy" is provided to you. At that time, you are asked to bring to the attention of your resident assistant any discrepancies between the conditions noted on the Room Condition Report form and those you actually find in your room, apartment, or house. You should be sure that your Resident Assistant documents all of the discrepancies that you may find.

When you move out, the condition of your room will be compared with the information noted on your Room Condition Report form. You are expected to return your room to its original, opening condition or to pay damages for deficiencies, which are present (beyond normal wear and tear) at checkout. Further, students are not allowed to repair significant damages to the room or make improvements. These should be left for the Plant Operations to repair.

Since you are responsible for the condition of your room, common area, apartment, or house and its furnishings, it is most important that you tell appropriate staff (Resident Assistants or Residence Director) about damages or discrepancies at the time of their occurrence. Please make sure that these discrepancies are noted on the Room Condition Report. This will be particularly important when you feel that the damage or discrepancy was not your responsibility.

**Health and Safety Inspections** are conducted once a semester. During this time, Residence Life staff will enter every room to check for the presence of potentially hazardous conditions and/or violations of university policy. Notices will be posted prior to the inspections, and you do not need to be present during the inspection.

## Mark Your Calendar |

**August 23, 2008, 8 a.m.** Apartments and Residence Halls Open

**December 20, 2008, 3 p.m.** Residence Halls Close

**January 11, 2009, 10 a.m.** Residence Halls Re-Open

**Saturday, May 16, 2009, 6 p.m.\*** Closing Move Out Deadline  
*(\*residents are asked to leave 24 hours after their last final exam)*

### CHECKING OUT

**Mid-Semester** Please contact your Residence Director to arrange an official check-out time and room inspection. You must return your keys and remove all personal belongings from the room prior to checkout. Generally, room cost refunds are not available unless the Housing Agreement covers an exemption.

**Mid-Year** Students who know they will not be returning to school for the spring semester should arrange an official checkout time and room inspection with the Residence Director or Resident Assistant. They will provide you with the necessary paperwork and information to checkout of your space efficiently. This paperwork will include your Room Condition Report and cancellation of student housing form. Students should not leave the university without completing these forms and others that are necessary for efficient conclusion to the academic year.

**End of Year** You should expect to check out 24 hours after you last final exam. You will receive written materials concerning checkout procedures closer to the end of the academic year. Any questions that are not clarified by the written materials should be directed to your Residence Director.

## Living with a Roommate |

Chances are good that either you or your roommate will come to campus having never shared a room with someone else. This can be a difficult transitional arrangement for many students. Being a good roommate and enjoying living with a roommate will depend upon your ability to listen, to communicate, and to compromise with one another.

Obviously you and your roommate are individuals with special interests, hobbies, likes, and dislikes. It is not essential that you each share similarities in every aspect of college life in order to be good roommates. Do not expect to meet your best friend because, as with any relationship, conflicts will arise. How you handle those conflicts will determine your successful living arrangement.

Over the years, it has been found that those roommates who “lay the groundwork” early and respect each other’s rights to privacy and to reasonable socialization tend to experience roommate life positively. As a result, we strongly suggest all first-year students develop a “roommate agreement” in the first weeks of school in order to limit potential conflicts. Your resident assistant can help guide you through this “agreement” in August.

### DO...

1. Keep an open mind.
2. Ask questions – communicate.
3. Accept that your values may differ.
4. Try to understand each other’s perspective.
5. Respect each other’s need for privacy.
6. Set guidelines early about:
  - a. borrowing items
  - b. neatness
  - c. quiet hours
  - d. visiting hours

### DON’T...

1. Let small things go until one day you “blow up.”
2. Believe you have to agree with differences in order to be respectful of them.
3. Hold grudges. We all have bad days, bad moods, etc.
4. Assume you have to do everything together.
5. Make assumptions.

## Roommate Bill of Rights and Responsibilities

As a Belmont University residence hall community member, the following are the rights you can expect and have a responsibility to maintain:

- The right to read and study free from undue interference in one's room (unreasonable noise and other distractions inhibit the exercise of this right).
- The right to sleep without undue disturbance from noise, guests of a roommate, etc.
- The right to expect that a roommate will respect one's personal belongings.
- The right to a clean environment in which to live.
- The right to free access to one's room and facilities without pressure from a roommate.
- The right to personal privacy.
- The right to host guests with the exception that guests are to respect the rights of the host's roommate(s), other complex residents and the visitation policy.
- The right to address grievances. Residence life staff are available for assistance in settling conflicts.
- The right to be free from fear of intimidation, physical, and/or emotional harm, and racial, sexual, or other prejudicial harassment.

If you believe that your roommate has infringed upon your rights, express your concern to him/her. By working together, you can eliminate the concern. If you need assistance in resolving the matter, contact your RA.

In the end, sometimes no matter how hard you try, it just does not seem to be working out with you and your roommate. It is possible to change rooms if space is available on campus. In order to initiate a change, you and your roommate should contact your RA and Residence Director to determine where vacancies exist.

## Technology Services

Belmont University provides several technology services for residents of apartments and residence halls on campus. These services (with the exception of long distance phone service) are included in the room rates of each residence hall/apartment room.

### **CABLE TV**

- Belmont offers nearly 70 cable channels.
- Please bring your own “cable ready” TV and a standard coaxial cable (CATV converters are not provided).

### **VOICEMAIL/PHONE SERVICE**

- Belmont provides private voicemail for all on-campus residents.
- Local phone service is provided.
- Long distance phone service is available by purchasing calling cards or prepaid-phone calls

### **INTERNET/E-MAIL**

- Belmont provides e-mail services and Internet access for all on-campus residents via the campus network.
- Campus network requirements:
  - For Intel Based Computers: Intel Celeron/Pentium II processor or better, 32 MB of RAM, 50 MB of free disk space, and one of the following operating systems: Windows 95, 98, or NT
  - A 10Base-T compatible Ethernet card\* (may be purchased at the Belmont University bookstore or at many computer supply dealers)
  - For Macintosh Computers: Ethernet-ready PowerPC G3 processor minimum, 64 MB of RAM, 75 MB of free disk space, Mac OS 8.0 or higher with open transport
  - A drop cable (category 5 [CAT-5], unshielded twisted-pair [UTP] with RJ-45 connectors).

\* Note: If necessary, Macintosh and laptop computer users will need to purchase network cards from an off-campus computer dealer.

Please Note: These specifications are the minimum requirements for connection. Any versions or values higher than the ones listed are acceptable. Because of the requirements of the networking hardware and software, computers which do not meet these specifications may have difficulty communicating over the network or running some network applications. For example, some computers were manufactured without the ability to have an Ethernet card installed. Others may not have enough memory or disk space to run software that uses a network connection (i.e. Netscape).

## Technology Services continued

If your computer does not meet the minimum requirements, do not immediately assume that you are “out of luck.” Please contact Technology Services to discuss your options.

## Campus Safety

The staff of the Office of Residence Life works very hard to provide the safest environment possible in the residence halls and apartment communities. In return, you are asked to take time to think about your own safety by reading this section of The Community Expectations. In it, you will find information regarding policies for fire prevention, guests, and even building access, as well as general information regarding your own personal safety and security. If you have any questions, please contact your Resident Assistant (RA) or Residence Director.

### OFFICE OF CAMPUS SECURITY

The Office of Campus Security (OCS) is dedicated to providing a safe environment that is conducive to working and learning. It is the aim of OCS to serve the students, guests, faculty and staff of Belmont University in a friendly, caring way and to help solve problems in a timely and efficient manner. The Office's values define their roles as caretakers of the campus and require a basic attitude of service and a desire to be as professional as possible at all times.

The OCS is located on the first floor of the Gabhart Student Center, just past the elevator. Belmont Student ID cards are made here. There is also a remote office on 15th Avenue that is used primarily for duty rotations and mobile patrols. You can also get more information about OCS at <http://www.belmont.edu/security/>.

Officers are on duty 24 hours a day. If you need to reach an officer in an emergency, you should either dial 6911 from any campus telephone, or find a "blue light" emergency telephone. The emergency telephones are located throughout campus. Remember to report all suspicious behavior to both Campus Security and your RA staff. Please become familiar with both the location of your nearest emergency telephone as well as the location of Campus Security.

For all non-emergency requests, please call 460-6617.

### KEYS, DOORS AND LOCKS

Every hall is equipped with a basic security system: doors and locks! Additionally, all residence halls and apartment community gates are secured by a key card access system. The problem is, sometimes you leave your door unlocked, open a door for a stranger or allow others to enter the gates behind you. Here are five rules to live by regarding doors and locks:

1. Never lend your keys or ID card to anyone! Your key card registers your name and the time of use on the Campus Security computer whenever it is used, regardless of who's using it or where it was used! Know where your keys and ID are at all times.
2. Never prop open or otherwise tamper with security locked doors! Along with being responsible for possible damages to the system, you also may be liable for those individuals entering through these doors.

## Campus Safety continued

3. Always lock the door to your room. Especially when you go to bed and even if you are just going to the bathroom. This will prevent theft and practical jokes. It only takes a thief six seconds to steal your favorite compact discs or your new guitar.
4. Never open a locked exterior door or gate for anyone, except your guests.
5. If you lose your keys or ID card or if they are stolen, report them A.S.A.P. to your RA staff and Campus Security. Don't rely on your roommate to leave your door open. Word will get out, and you will greatly increase your chances of being victimized by theft.

### **BUILDING ACCESS**

The following buildings are on a key card access system which only allows the residents of that particular hall to enter: Heron, Pembroke, Hail, Wright, Maddox, Thrailkill, Kennedy and the New Hall. In each of these buildings, all exterior doors are locked twenty-four hours a day. If you see someone whom you do not know unaccompanied in your hall, call Campus Security (x6911)! The rest of the housing at Belmont is apartment style, and the Community Access Gates can only be accessed by those residents of the apartment communities.

## Belmont Food

In addition to the campus Dining Hall, located in the Gabhart Student Center, Belmont also provides other dining options for students. The brand new Curb Cafe features three unique dining options: Pete's Arena, Salsa Rico and The Sky Ranch Grill. The menu at Pete's Arena includes salads, hot and cold sandwiches, pasta, calzones and strombo-lies, as well as several pizza options. Salsa Rico is a Baja-style fresh Mexican grill with numerous fresh salsas. Students seeking awesome, fresh-grilled burgers, Portobello mushroom or chicken sandwiches will want to try The Sky Ranch Grill. Another option is What's Bruin?, a good place to drop by for a quick snack and a cup of Starbuck's coffee. The Corner Court (Massey) offers another one-stop location for sub sandwiches, frozen yogurt, ice cream, coffee and convenience store items.

All students living in Belmont's on-campus residence halls (Hail, Heron, Maddox, Kennedy, Thrailkill, Pembroke, Wright and the New Hall) must purchase a meal plan. During their first year, freshmen must purchase Plan #1, #2 or #3. Residents living in other on-campus facilities (Belmont Commons, Bruin Hills, Special Emphasis Houses and Hillside) may purchase a meal plan if they wish. However, they are not required to do so.

Plan #1 Provides 20 meals each week, all to be eaten in the Dining Hall.

Plan #2 Provides 16 meals each week in the Dining Hall and \$100 in Dining Points.

Plan #3 Provides 14 meals each week in the Dining Hall and \$175 in Dining Points.

Plan #4 Provides 10 meals each week in the Dining Hall and \$175 in Dining Points.

Plan #5 Provides 7 meals each week in the Dining Hall and \$350 in Dining Points.

### "Bruin Bucks vs. Dining Points"

"Bruin Bucks" are dollars that can be added to your Belmont ID card and can be used at any of the campus dining facilities (cafeteria, What's Bruin, Curb Cafe, etc.). They can also be used at certain off-campus locations (Papa Johns, Smoothie King, etc.). Bruin Bucks will not roll over from semester to semester. One "Bruin Buck" is equal to \$1.00 (for example, \$100 will buy 100 Bruin Bucks). "Bruin Bucks" are refundable and can be added on your BIC account until the last day of the drop/add period, with no tax. "Dining points" can only be used at on-campus eateries and will not carry over between semesters. They are non-refundable.

This is an Occupancy Agreement made by and between the student whose name appears at the end of this agreement (“Student”) and Belmont University (“Belmont”). It grants to the Student permission to occupy a residence hall or apartment space on campus for a specific period of time. This Agreement is not a lease. The Student is not a tenant. Living in campus housing is a privilege that is part of the overall educational experience provided by the university. Students who live on campus are expected to make a commitment to contribute positively to the campus community by abiding by the responsibilities outlined in this Agreement and all associated guidelines and policies. Signing this Agreement is a prerequisite to living on campus.

All full-time, undergraduate, degree-seeking, unmarried students (without children residing with them) are eligible to live in campus housing. Belmont University requires all full-time, undergraduate students and incoming full-time, undergraduate transfer students with fewer than 60 credit hours by the start of the fall semester to live in campus housing unless Student is: 1) 21 years of age or over by August 27, 2008; 2) married and/or has children residing with him/her; or 3) lives with parents, legal guardians, grandparents, or siblings over the age of 25 while attending Belmont.

THIS AGREEMENT IS LEGALLY BINDING. It incorporates and supports policies stated in The Guide, Belmont University’s student handbook, as well as the content of the Community Expectations: The Handbook for Residential Living booklet. If Student is under age 18, a parent or legal guardian must sign, along with Student. Student will be held accountable for the information in this Agreement. Please read carefully before signing this Agreement.

## AGREEMENT

- 1. License Granted.** Belmont University grants to Student a nonexclusive and nontransferable license to occupy the assigned campus housing space.
- 2. Term of License.** The term of this Agreement shall be August 23, 2008 at 8:00 A.M. through 6:00 P.M., Saturday, May 16, 2009. If this Agreement is for occupancy of a space in a residence hall, this license will be temporarily suspended while residence halls close during Christmas Break (December 20, 2008, 3:00 pm through January 11, 2009, 10:00 a.m.). Belmont reserves the right to, in its sole discretion, suspend this Agreement if necessary to protect the health and safety of its students, staff, or faculty. In addition, Belmont may cancel this Agreement at any time if Student violates Belmont policy and rules as set forth in the Statement of Values or rules concerning occupancy of on-campus housing found in this Agreement, the Handbook for Residential Living, University Bulletin, and The Guide. These rules and policies are incorporated into this Agreement by reference. A grant of a license under the terms of this Agreement does not imply that Student has the right to occupy campus housing in the future.

- 3. Housing Fee** Student agrees to pay housing fees each semester according to the payment policy in the Undergraduate Bulletin. Housing fees due for the Fall and Spring semesters are placed on Student’s account upon registration for classes for that semester. The University reserves the right to remove Student from university housing for non-payment of Student’s account of charges (including but not limited to: tuition, bookstore charges, parking fines, and meal plan fees).
- 4. Housing Deposit (New Student)** An enrollment deposit of \$250 is paid to Belmont upon confirmation of enrollment to the university. Of this enrollment deposit, \$100 represents Student’s housing deposit. This is a one-time fee that remains on Student’s account until Student permanently departs from Belmont housing. If Student has no damage assessment, improper check-out fees, or other charges after departure from campus housing, the housing deposit will be refunded. (Refer to section 10 Inventory and Inspection for details about damage assessment.)
- 5. Enrollment** As a condition of occupancy, Student agrees to register for a minimum of 12 credit hours each semester during the term of this Agreement.
- 6. Cancellation Policy for New Students** For purposes of this Agreement, New Student is defined as such until the last day of registration in his/her first semester at Belmont. If New Student meets housing exemption requirements outlined in the Introduction and wishes to cancel this Agreement, he/she may only cancel according to the following criteria:
  - Cancellation for Fall or Spring** If written notice of cancellation for Fall or Spring semesters is received by the Office of Residence Life on or before the last day of registration (September 2, 2008 for Fall, January 20, 2009 for Spring), this Agreement is canceled with full refund of housing charges. The university enrollment deposit of \$250.00 is non-refundable regardless of the date of cancellation. Any cancellation after the last day for registration will be subject to the terms of the cancellation policy for current students.
- 7. Cancellation Policy for Current Students** For purposes of this Agreement, Current Student is defined as any student not fitting the definition of New Student (see section 6).
  - A. Cancellation for Current Students for Fall**  
If Current Student, who meets housing exemption requirements outlined in Introduction, wishes to cancel this Agreement but intends to remain enrolled at Belmont or if cancellation is necessitated by one or more of the following events: graduation, withdrawal (not including involuntary withdrawal), or academic ineligibility, he/she may cancel agreement provided that written notification is received by the Office of Residence Life. After August 23, 2008, Current Student may only cancel for Fall by withdrawal. The table below outlines Current Student’s responsibilities based on the date written notification is received in the Office of Residence Life. Please note: This table is independent of the University’s refund table for tuition and other fees.

**Please note: This table is independent of the University's refund table for tuition and other fees.**

Student removed from Belmont housing for disciplinary reasons will be responsible for all housing charges assessed for the semester he/she is removed. Student will forfeit the \$100 housing deposit.

If Current Student does not meet housing exemption requirements and intends to continue enrollment and chooses to vacate from his/her space, he/she will be responsible for all terms of this Agreement, including housing charges for the academic year.

## B. Cancellation for Spring

The term of this agreement includes the Spring semester. Belmont expects Student to complete the term of the agreement. However, Belmont may make the following provisions for cancellation of the agreement.

- a. If Current Student wishes to cancel this Agreement for Spring semester without penalty, he/she may do so only if cancellation is necessitated by one or more of the following events: graduation, voluntary withdrawal, participation in a Belmont program that requires Student to live away from the main campus for Spring semester, or academic ineligibility. Written notice of cancellation must be submitted by Student to the Office of Residence Life by November 15, 2008 and Student must be checked out of his/her space no later than December 20, 2008.
- b. No exemptions will be granted for the Spring semester to Students seeking an exemption based on age (21 years of age or over by August 27, 2008) or by earning 60 credit hours by the start of the fall semester. Other exemptions may be granted by submitting a written request to the Director of Residence Life by November 15, 2008. If approved, student must be checked out of his/her space no later than December 20, 2008.
- c. Student removed from Belmont housing for disciplinary reasons will be responsible for all housing charges assessed for the semester he/she is removed. Student will forfeit \$100 housing deposit.

- d. If Student initiates a voluntary withdrawal or is subject to an involuntary withdrawal after November 15th, Student is subject to a cancellation fee of \$300 as well as forfeiture of \$100 housing deposit. Cancellations after January 11, 2009 will be subject to a declining refund scale of housing and dining charges in addition to the aforementioned \$300 cancellation fee and \$100 housing deposit forfeiture. All cancellation requests must be submitted in writing to the Office of Residence Life

If Current Student does not meet housing exemption requirements and intends to continue enrollment and chooses to vacate his/her space, he/she will be responsible for all terms of this Agreement, including housing charges for the term of the Agreement.

- 8. Assignment of Campus Housing Spaces and Roommates** Unless prior arrangements for late occupancy have been made with the Office of Residence Life, failure of Student to occupy his/her assigned campus housing space by the first day of classes (August 27, 2008 or January 14, 2009) may result in loss of the assigned space.

Belmont reserves the right to make housing and roommate assignments and to require Student to relocate within campus housing when assignments or relocations are necessary to carry out Belmont's educational and/or administrative purposes. This right to make alternate assignments and require relocations includes the authority to take such action as part of disciplinary sanctions. Nothing in this Agreement shall be interpreted to guarantee Student the right to live with a specific individual or to occupy a specific residential space. Occupancy of spaces by fewer or greater Students than the intended number requires the approval of the Office of Residence Life. Student is expected to only occupy assigned space. Any attempt to move a space other than Student's assignment will result in referral to the university judicial system. If one Student moves from his or her assigned space, the remaining Student(s) will maintain the space in a manner that would permit another Student to be assigned immediately. Belmont also reserves the right to assign Students to temporary accommodations in the event that occupancy is exceeded.

- 9. Meal Plan Requirement** Students living in the residence halls are required to purchase a meal plan of no less than 7 meals a week. All first semester freshmen must choose a meal plan of no less than 14 meals a week. Please choose carefully as Student will have to keep the same plan for the entire year, however, Student will be able to add additional Bruin Bucks at the beginning of each semester.

- 10. Inventory and Inspection** Belmont completes a "Room Condition Report" (RCR) prior to Student occupying an assigned residence hall or apartment space. The RCR notes the presence and condition of furnishings, fixtures, and equipment. In addition, any unusual damage or excessive wear to the space is noted. When Student moves out, Belmont completes a RCR that notes any damage or unusual wear to the furnishings, fixtures, equipment, and premises. Belmont deducts from Student's housing deposit the cost of repair or replacement necessitated by damage to the residential space or its contents that is beyond ordinary wear. Cleaning charges are assessed if Student

## Housing Occupancy Agreement continued

does not leave residence hall or apartment space in a condition allowing immediate occupancy. Student is responsible for damage and/or cleaning charges in excess of the housing deposit.

- 11. Checkout** Student agrees to follow posted checkout procedures specific to his/her residential facility. Belmont reserves the right to require students to move from their residence within 24 hours of Student's last final exam at the end of each semester, or 6:00 pm on the day following the conclusion of final exams, which ever occurs first. ## INTRODUCTION TO A SHARED COMMUNITY

As a campus resident, you share a unique partnership with the Office of Residence Life and the community in which you live. Together we can develop and maintain an environment which supports the academic experience, encourages intellectual exchange, respects both the individual and community life, and emphasizes an environment which contributes positively to the university as a whole. In order for this partnership to be successful, everyone must assist in the goals of providing a safe, enjoyable, and academically focused environment.

The campus is a shared community of diverse people from a variety of backgrounds, cultures, races, and values. As a result, we must encourage the respect of differences while also taking advantage of the unique learning experiences that a shared environment brings. Responsible citizenship is the key to harmony in a residential community. Take the time to get involved—get to know those around you who are different from you as well as those who are like you. Your heritage, background, cultural and religious values contribute to the person that you are; thus slandering or abusing another's race, culture, orientation, or religion is an offensive act which cannot be tolerated in a shared community. As a responsible member of the Belmont community, you should set a positive example for others; speak out against negative behaviors, help mediate explosive situations, and support the community.

## RESIDENCE LIFE STAFF

The residence life program is a vital component of student life at the university, particularly since approximately 55 percent of the undergraduates at Belmont University live on campus. Subsequently, the residents are supported and assisted by numerous professional and paraprofessional staff members, most of whom live on campus. Following is a brief description of the roles and responsibilities of the residence life staff members who are available to assist you.

**Assistant Directors of Residence Life** The Assistant Director is a full-time professional staff member responsible for the supervision of one of the two main areas on campus – the residence halls or the apartment complexes. Assistant Directors directly supervise the Residence Directors assigned to each complex, but are also available to assist students with concerns.

**Residence Directors (RDs)** The Residence Director is a full-time professional staff member responsible for the general supervision and management of the assigned residence hall or apartment complex. Residence Directors live in their respective areas and are available to assist students with various academic, personal, and social concerns. The Residence Director also supervises the Resident Assistants assigned to each complex and resides in the assigned building or apartment complex.

**Resident Assistants (RAs)** One of the first staff members you will meet on campus—and the backbone of the residence life program at Belmont University—is the Resident Assistant. One or two RAs are assigned to each residence hall floor/apartment area and lives with the students in the building/complex. The 64 RAs on campus are carefully selected and trained students who have been chosen for their commitment to helping and advising a group of their peers. Each RA is trained in assisting and/or referring students with academic and personal concerns. As a residence life staff member, the RA assumes many roles, such as, resource, consultant, program/activity coordinator, residence educator, and community leader. As a residence educator, the RA will assist residents in planning, organizing, and coordinating a variety of activities and educational programs designed to provide a positive, fun, and educational environment in the residence halls and apartment complexes.

As a community leader, the role of the RA is not to police the residence halls/apartment complexes but rather to respond to incidents and issues which create problems and challenges for the community; to ensure that university policies, regulations, and community standards are upheld within the communities; and to assist residents in responding to conflicts, personal issues, and disagreements that might arise within individual communities on campus. The RA works to build a cohesive community where individual residents will feel comfortable, valued, and respected. Most importantly, the RA will strive to build a community where everyone knows each other and also to build a place everyone is proud to call home.

Remember, the first person you should meet when you check into your residence hall/apartment complex (other than your roommate) is your RA—your community leader.

**The Office of Residence Life Staff** The Office of Residence Life (located on the ground floor of Wright Hall) is staffed by the Director of Residence Life, two Assistant Directors, an administrative assistant, and several student support staff members. These people are available to assist students and parents with concerns, issues, or questions which arise throughout the student's college career.

### RESIDENTIAL COMPLEX OFFICE HOURS

There is a resident assistant (RA) on duty in each building/area every night of the week (6 p.m.-6 a.m.). The RA on duty is available to assist students, parents, and visitors in any way possible. Should you need assistance in the evening hours, please go by the main desk/clubhouse in your respective building/area to see who is on duty. Should you need assistance during the day, please feel free to contact any RA or Residence Director (RD) available in the building/area.

Each residence hall/lobby office is open 12 p.m.-11 p.m. weekdays and 12 p.m.-1 a.m. weekends. Each apartment clubhouse office is open from 10 a.m.-10 p.m. daily except Sundays when they are open from 3 p.m.-10 p.m. Please stop by your staff office at the beginning of the year to inquire about the services provided to residents by the staff in your respective building/area. Typical services provided during office hours include checking out a vacuum cleaner or other cleaning supplies; borrowing recreational equipment and supplies; picking up a package; or simply having a pleasant conversation with the RA or RD.

### EMPLOYMENT OPPORTUNITIES IN RL

If you are interested in a part-time job on campus, residence life provides a variety of opportunities. The Office of Residence Life employs many undergraduate and graduate students in a number of positions. Any student may be qualified to apply for Resident Assistant positions or Desk Assistant positions. Recruitment for these positions usually begins in the fall of each year. Similar summer positions also are available, and recruitment for summer positions usually begins in mid-March (after spring break). Applications, position descriptions, and other relevant information for all positions are available in the Office of Residence Life and on the department's Web site.

### GENERAL RESIDENT STUDENT POLICIES

#### BELMONT UNIVERSITY ALCOHOL & CONTROLLED SUBSTANCES NOTIFICATION POLICY

The Higher Education Amendments of 1998 to the Family Education Rights and Privacy Act permit educational institutions to disclose to the parents or legal guardians of a student, information regarding the student's violation of any federal, state, or local law or any rule or policy of the institution regarding the use or possession of alcohol or a controlled substance, if the student is under age 21 and the institution determines that the student has committed a disciplinary violation with respect to such use or possession.

In accordance with this provision and out of its commitment to supporting individual students' success and fostering a safe and effective learning community, Belmont University employs an Alcohol & Controlled Substances Notification Policy.

The purpose of Belmont University's Alcohol & Controlled Substances Notification Policy is to foster broader engagement of the influences that shape students' attitudes and choices regarding the use of alcohol and other controlled substances. While the university holds each student personally accountable for his or her conduct while enrolled, and addresses violations directly with him or her, it recognizes and seeks to support the pivotal role parents and guardians play in students' success by notifying them of incidents involving the use of alcohol or other controlled substances.

#### Circumstances for Notification:

Parents or guardians of students under 21 years of age may be notified under the following circumstances:

1. The student has been found responsible for violation of a federal, state or local law related to alcohol or controlled substances, or
2. The student has been found responsible for violation of a university policy related to alcohol or other drugs at least one time previous to the current violation, or
3. The student is required to be transported to a medical facility and treated because of alcohol or other drug use, or
4. The student has caused harm to him/herself or others while under the influence of alcohol or other drugs, or
5. The student was responsible for vandalism or other destruction of property while under the influence of alcohol or other drugs, or

## The Community Expectations continued

6. The information regarding the student is needed in connection with an emergency to protect the health or safety of the student or other individual, or
7. Other appropriate circumstances as determined by the Dean of Students or designee.

*Please note: these guidelines do not preclude the university's contacting parents or guardians for other policy violations that may endanger the health and well being of a student or other individuals in the community.*

### STUDENT CONDUCT

As a community seeking to uphold Christian standards of morality and ethics, Belmont University holds high ideals and expectations of each student who chooses to join the community. In upholding these ideals, Belmont proclaims the values of the worth of the individual; personal integrity; critical, independent thinking; self-discipline; and community responsibility and accountability, and seeks to experience the growth and fulfillment which characterize a dynamic environment.

Acknowledging each person's freedom and responsibility, each student should also recognize the occasional need to modify her/his behavior for the good of the Belmont community or of society at large. In this sense, all students should strive to behave responsibly in an effort to create a climate of mutual respect. A student's continued enrollment and participation in university life is conditioned upon her/his adhering to the behavioral expectations of this statement. Students who engage in behavior that betrays these values will be subject to disciplinary action.

In affirming these values, the Belmont community expects each student to exemplify behaviors consistent with these values in all facets of university life: academic classes, convocation programs, musical and dramatic performances, athletic competitions, lectures, presentation, and off-campus events and programs associated with Belmont, as well as to exemplify them within all university facilities including residential housing, academic building, library, offices, student center, and other activity centers. The affirmation of these values also includes complying with federal, state and local laws both on and off campus. (Belmont University Statement of Values)

Residents are responsible for conducting themselves in a manner consistent with the institution's Statement of Values and the Community Code of Conduct as listed in *The Bruin Guide*. These documents set the parameters for student conduct at Belmont University. All other policies related to student conduct are subject to these two sources. In addition, students are expected to comply with the policies outlined in the *Handbook for Residential Living* and Housing Occupancy Agreement. Throughout the year, publications, brochures, electronic mail messages, and flyers are distributed, sent, or posted in an attempt to convey information to residents. Information also is provided through the use of floor meetings and interaction between hall staff and residents. It is the ultimate responsibility of the resident to read information or to meet with hall staff. Every reason-

able effort will be made to inform residents in advance of policy changes. However, the university reserves the right to revise or create regulations as necessary, without notice, to maximize the comfort, safety and effectiveness of the community. The standards of conduct noted in the following sections pertain primarily to residential rules and regulations; however, they may also apply to situations outside of a residential context. Policies which are outlined for the entire campus community such as those related to Drugs and Alcohol, Fire Hazards and Combustible Materials, Smoking, Sexual Conduct, Responsibility for Guests may be found in *The Bruin Guide*.

### GENERAL RESIDENT STUDENT POLICIES

**Electrical Extensions** The fire marshal has dictated that the use or possession of extension cords, multiple plugs, or multiple plug converters is prohibited within all of the residential areas. The fire marshal has approved the use of Underwriter's Laboratories (UL) approved power strips with circuit breaker. If you are unsure if your power strip is permissible, contact your RA.

### **Fire Evacuation Procedure**

1. Activate the fire alarm. (The Office of Campus Security automatically receives a signal and calls the fire department when an alarm is turned in from any residential area.)

3. Report your name.
4. Report name of building, location of fire (wing, floor, room), nature of fire (laundry equipment, mattress).
5. Stay on the line for questions, if it is safe to do so. The Office of Campus Security will contact the Nashville Fire Department.

**Grills** The use and storage of grills within ten (10) feet of any combustible materials on any balcony or patio or common area is prohibited in compliance with Metro Nashville Fire Code. Therefore, Belmont prohibits the possession of a private grill of any type by residents.

### **Hall Lobby/Clubhouse Usage**

- The hall lounge/apartment clubhouses are provided as common areas for students. These areas may be reserved. Contact your individual front desk for specific policies.
- The lobby/clubhouse is a common area available for students to use as a social and/or study space. Therefore, these areas are not an acceptable area for storage of personal property (suitcases, boxes, towel racks, bikes, etc.) or student room furnishings.

## The Community Expectations continued

- Lobbies/clubhouses must be maintained in a clean and orderly fashion by students. Papers, trash, clothing, etc. on the floor and/or unkempt or broken furniture are unacceptable. Walls must be kept free of dirt, ink, food, etc. Housekeeping will perform basic cleaning, vacuuming and dusting, on a weekly basis.
- Lobby/clubhouse furniture must not be removed at any time; it may not be used in student rooms.

- Formal inspections of the lounges will be conducted regularly by residence life staff members.

**Holiday Decorations** Decorations used for seasonal or special events must be constructed of flame-retardant materials. Live Christmas trees are prohibited in all residential facilities. In addition, lights used for decorative purposes must be turned off when residents are not present in the room or apartment.

Students are encouraged to obtain insurance through their parent's or guardian's insurance company or purchase individual renter's insurance to cover possible losses.

**Keys** Each student is issued room, front door, bedroom door, and/or mailbox keys upon checking into a residential area at Belmont; he/she is responsible for its proper use and maintenance. It is understood that the key is for his/her use only. If a key is lost, it is the responsibility of the student to inform the residence life staff in his/her building immediately. Individual students are responsible for the replacement of lost or stolen keys.

**Littering and Trashing** For safety, sanitary, and aesthetic purposes, each resident is responsible for the cleanliness of his or her residence. No lumber, trash, or combustible materials may be stored in a room, bathroom, or other university residential facility. Common areas such as hallways, stairs, hall bathrooms, laundry rooms, and lounges are to be kept clean and clear of trash at all times.

- Failure to maintain these areas in clean condition (as represented by the presence of litter) can result in a minimum fine of \$25 and a maximum \$250 health and safety fine. This includes the presence of trash outside front doors and on balconies.

## The Community Expectations continued

- Plant Operations staff will report incidents of excessive litter and vandalism to the residence life staff as soon as discovered. The staff will immediately inspect reported incidents and assess a fine when appropriate. The fine will be assigned to the entire group of residents when individual violators cannot be identified.
- The cost of repairs for acts of vandalism will be assigned to the group when individual violators cannot be identified.

### **Noise & Disruptive Activity**

- The residential environment is one meant to be supportive of the academic mission and focus of the university. As such, noise or other activities which are excessively loud or bothersome to other people are strictly prohibited.
- In support of the academic mission of the university, “quiet hours” are in effect from 10 p.m. to 10 a.m. seven days a week. Loud or excessive noise is strictly prohibited during these hours. Please note that any noise that is considered to be bothersome to others (i.e., noise that is generally above normal conversational level) will be considered loud and excessive.
- During “quiet hours,” all residential community members should be committed to upholding the spirit and intent of these hours. Playing loud music, loud talking in the hallways/ common areas, social functions, slamming doors, etc. are all examples of activities that should be avoided during these designated times. Please remember that “courtesy hours” are always in effect.

In addition, all members of the community are encouraged to actively confront others who may be in violation of the above policy.

**Occupancy Adjustment or Consolidation** The Director of Residence Life may require single occupants living in double rooms to move together in order to open double rooms for others.

## The Community Expectations continued

Copies of specific policies which relate to these fines are available in the Office of Residence Life.

**Room Furnishings** University-provided furniture is unique to each hall/complex. Students may provide draperies or other decorations. The university may disallow furniture and fixtures which students add to the rooms if it is determined that those items present a health or safety hazard. The university does not provide linens or pillows. Students should be aware of the following parameters:

- Waterbeds are not allowed in residential facility because of potential leakage and damage to property.

- The installation of furnishings or alterations such as loft systems and partitions is prohibited.
- Students are not permitted to repair damages which have occurred to university property or furnishings.
- Indoor furniture that is left outside overnight by students or groups may be considered a trashing violation.
- Lobby/clubhouse furniture may not be placed in students’ rooms. If furniture is found within student rooms, residents will be documented and referred to the judicial system.
- Cinderblocks are prohibited in all residential facilities.

## The Community Expectations continued

**Screens** Window screens must be left in the windows and are not to be removed. Windows are not to be used as entrances or exits, and personal belongings are not to be hung out the windows. If a screen is missing, individual students will be responsible for the replacement cost. Additionally, sitting on the window ledge of an open window in a residential facility is strictly prohibited. Such behavior may result in a Health & Safety fine or other sanction.

### **Security Measures**

- A resident assistant in each building or area will be on call for problems, services, and emergencies beginning daily at 6 p.m. One residence director will be on emergency on-call duty for each area (residence halls and apartments) of campus 24 hours a day, 7 days a week. Students may reach the RD/AC on call by contacting the Office of Campus Security (6617).
- The front desk of each building will be staffed by a Desk Assistant during visitation hours in the residence halls and from 10 a.m. to 10 p.m. in the apartment clubhouses.
- To help preserve the safety and security of all residential students, tampering with the door security system will not be tolerated to any degree. To protect yourself and others, please be aware of the following policy statement: Door-propping or tampering with the door security system is a serious violation of university policy.
- It is against university policy to loan out an ID card or bypass the card access system in any way. This includes, but is not limited to, tampering with doors/gates and locking mechanisms. Violations of this policy may result in a loss of housing, reimbursement costs for damages, or other judicial action.
- Students who are not residents of a particular hall/apartment complex may enter during approved visitation hours.
- All residents who lose or misplace their identification cards must report it to the Office of Campus Security and obtain a replacement card.
- Students who forget their ID card may gain access to their building or suite by contacting their individual RAs or the Office of Campus Security. There is a \$5 fee to have your door unlocked.

## The Community Expectations continued

**Right of Entry** The university respects the privacy of individuals, and when access is required, will make every reasonable effort to enter a resident's room while the resident is present. However, authorized university personnel may enter a university residence at any reasonable time to:

- Confirm reasonable health and safety of facilities.
- Provide maintenance to university property within a residence.
- Investigate suspected violations of university policies or unlawful activity.

Students should be aware that room inspections will take place throughout each semester and any items not allowed by university policy will be confiscated.

**Search and Seizure** Search of residence hall rooms may be made by authorized university officials, including residential staff, in emergencies when life and property appear to be in danger or to investigate suspected violations of state or federal law or university policy.

**Solicitation** All solicitation in residential areas is prohibited for any person or group who is not affiliated with an approved campus organization. Those found in violation will be removed from the campus. Any person found soliciting after once being removed from a residential area will be arrested for trespassing.

**Storage** Because of space limitations, storage facilities are not available for residents. Residents should plan to store all personal belongings in their rooms. However, no lumber, trash, or combustible materials may be stored in a room, bathroom, or other university residential facility. Common areas such as hallways, stairs, hall bathrooms, laundry rooms, and lounges are to be kept clean and clear of personal belongings at all times. Consequently, the university takes no responsibility for residents' personal belongings left in common areas.

**Visitation** Students are not permitted in rooms, suites, or halls designated for members of the opposite sex except during approved visitation hours. During approved visitation hours, the rights of a resident to study or sleep outweigh the right of a roommate to have visitors and/or to socialize in the room with a visitor. If a visitor is present in a residence hall room, the door must be at least cracked open at all times (this policy does not apply to apartment residents). Students may be held responsible for their guests. Visitation is approved for the following hours and locations:

\*Note: The policies listed below have a particular significance to a residential living context; however, they apply in a broader sense to the entire community. They can be found in *The Bruin Guide*.

### VIOLATION OF CONDUCT POLICIES

When students are found to be in violation of institutional policies within a residential setting, institutional staff will document the violation via the use of a Community Conduct Form. This report is intended to document any kind of event for which some record may be needed in the future. The student will then enter the institution's disciplinary process as outlined in *The Bruin Guide*. If a fine or charge needs to be levied, all bills are generated as a result of this report and the student(s) named therein will receive a copy.
