Harry Potter

Harry Potter is very brave.
He always makes Lord Voldemort behave!
If he is not at Hogwarts School,
Then he’s probably making some Dementors drool.
But if you mess with Crookshanks the cat,
Then he’ll bite your skin until it cracks!
Luna Lovegood is the looniest thing
That you and I have ever seen.
All the Death Eaters as students were bad,
But their parents were glad
When their son was turned bad.
Everyone in Knockturn Alley isn’t good—
And everyone there wears a hood!
Harry Potter has an amazing scar.
One time he saw some brains in a jar.
The one thing that Harry Potter always did
Was catch Neville Longbottom’s toad that hid.
Moaning Myrtle is slow like a turtle.
She’s never glad and it’s always sad.
Harry Potter is very sad.
He wishes he could see his Mom and Dad.
Every Christmas is very merry,
But then everything gets very, very scary.
I think Harry Potter is great!
But I wonder what they think in other states!
