The Werewolf Pup
"The Werelpuppy" Book

Oh little werewolf pup,
You always cheer me up
With your bright brown eyes
And your wild, wolfish ways
You brighten even my darkest of days

My sister she teases, my mother she yells
The boys at school bully me
And my dad thinks you smell.

I know you make messes
You pee on the door
You howntown at the moon
And you poop on the floor

But you bite my mean sister
You defied me at school
You are such good company
And you make me feel cool.

Oh grey, werewolf pup
What would I do?
How would life be without
A scary wolf pup like you?
