- Teams must submit answers on Mentimeter via one teammate's device (i.e. smartphone, laptop).
- We recommend that the teammate with the best internet connection submits the answers.
- Further instructions will be given once the event begins.

**GAME PLAY**

- Teams will collaborate to answer trivia questions across multiple rounds.
  - Teams will have approximately 20 seconds per question and 5 - 10 minutes per round.
  - Each round will be based on a particular topic (i.e. Commercial Phrases, General Music).
  - Once a round ends, all participants will be brought together & point totals will be shared.
- Winners will be determined by combining the points from all rounds and will receive a prize.
- No outside cell phones, iPads, or other devices will be permitted for use while a round is being played. If a team is found to be using a device, they will forfeit that/those round(s).

**LEAVING GAMES EARLY**

- We highly discourage participants from quitting and leaving early. We understand the score might be lopsided throughout the event. We want this to be a fun experience for everyone and if you commit to participating, the expectation is for you to participate for the entirety of the event.
- Each event will have the results submitted at the conclusion and we will note those individuals who quit early. If this becomes a theme, we will penalize you and not allow you to participate in future events.

**DISCONNECTS**

- We highly encourage that all team members have a strong internet connection during the event.
- If an entire team disconnects, they will have five minutes to return and will not be allowed to make up any missed questions. If the disconnects continue, the team will forfeit the entire game.
- If one team member disconnects, they will have five minutes to return and will receive no penalty.
