

SWIMMIN' IN THE SUMMER AIR

Mama's got me in her lap
Hopin' to take a nice long nap
Jump off the boat with your best friend
Or tell a story with no end

**We were swimmin' in the summer air
Actin' like no one else was there
Lakeside living without a care
Dancing and singing all day long
Listening to the same bluegrass song
We know we belong there
Swimmin' in the summer air**

Feed the fish for just one buck
Then head home in the muddy truck
Jump off the boat with your best friend
It's our story with no end

**We were swimmin' in the summer air
Actin' like no one else was there
Lakeside living without a care
Dancing and singing all day long
Listening to the same bluegrass song
We know we belong there
Swimming in the summer air**

Mama's got me in her lap
