

## LAKE

Mama's got me in her lap,  
Hopin' to take a nice long nap.

Jump off the boat with your best friend,  
Or tell a story with no end.

We're swimmin' in the summer air,  
Actin' like no one else was there.

Dancin' and singin' all day long,  
Listening to the same bluegrass song.

Feed the fish for just one buck,  
Then head home in the muddy truck.

We're swimmin' in the summer air,  
We know that we belong there.
